

Appointments

Patients are seen by appointment only. Please give us the courtesy of 48 hours of notice if you need to cancel or reschedule an appointment.

We offer appointment reminders through text message and/or phone call. Please make sure to tell us if your telephone or cell phone number changes.

We do not charge missed appointment fees, however we do expect our patients to confirm and arrive for their prescheduled appointments.

Multiple missed appointments may result in dismissal from the practice. Please note that a cancellation without 48 hours of notice is considered a missed appointment.
